

Questions for Discussion
**GAO Review of DOD's Report on the Purpose and Utility of a Registration System
for Military Service**

1. Do the Commissioners believe that DOD's report fully addressed the six required reporting elements in the NDAA for FY 2017?
 - a. What issues, if any, did the report not address that the Commissioners believe should have been included?
 - b. What other additional information, if any, would the Commissioners like to receive from DOD?
2. Are the Commissioners satisfied with the level of analysis and research DOD officials performed in the development of its report on the military selective service process? What additional analysis, if any, would the Commissioners like for DOD to have conducted during the preparation of its report?
3. Officials in OUSD P&R told us they did not reach out to the military services in preparing the DOD report. Do the Commissioners believe that the military services' views would have been useful?
4. Section 555(d) of the 2017 NDAA called for a number of Cabinet level departments to provide the Commissioners with recommendations on the reform of the military selective service process. What are the Commissioners' expectations as to the information they will receive and how will the information prove useful?
5. When do the Commissioners expect to begin requesting information from federal agencies to carry out the duties of the Commission? When does the Commission expect to begin holding hearings on the recommendations it is taking under consideration?
6. What is the Commission's plans regarding holding public meetings? What is the schedule for these meetings?
7. Does the commission expect the amount of funding appropriated for its work will be sufficient?
